SPILL and ILLICIT DISCHARGE REPORT and INVESTIGATION

An illicit discharge is an illegal discharge, connection, or tie-in to a storm sewer. This discharge carries pollutants into the storm water systems and to streams and lakes from these systems without proper treatment. The pollutants in these discharges can cause odors, public health concerns, and harm aquatic life.

If you feel that an illicit discharge has occurred, please fill in the below items for reporting the illicit discharge to the Village of West Haverstraw Department of Public Works.

Name:		
Street Address:		
City:	**State:**	**Zip:**
Daytime Telephone Number:		

Where did the discharge take place?:
What did you see discharged? (*please be as detailed as possible, use the back of this form or another sheet of paper, if necessary*):

For any questions regarding the form or status of the reported illicit discharge notification, please contact the Village of West Haverstraw Department of Public Works at (845) 429-4460.
